

A photograph of a dining table set with clear glassware. In the foreground, there are two wine glasses and two tumblers. The background is softly blurred, showing more glassware and a white pitcher. The lighting is warm and natural, suggesting an indoor setting with large windows.

GLASSWARE

*Companion
for life*

2019-20

■ The Heritage

From a humble beginning in 1958, Cello today is a large conglomerate with the brand Cello strongly entrenched as the numero uno in almost everything in plastic. Understanding the daily needs of the Indian household, Cello encompasses a range which includes diversified product categories from Plastic Houseware, Thermoware, Moulded Plastic Furniture, Pens, Oral Care, Bubble Guard Sheets to Kitchen Appliances, Glassware, Stationary & Paper Products, Melamine ware, Tools & Dies (for automobile), Cleaning instruments, Air Coolers and Opalware. Making home and kitchen ware with great quality of material and a vast range of designs, Cello has made the consumer spoilt for choices, which, in turn, has made Cello one of the most trusted brands in the country and a companion for life for millions of households.

Why Glassware?

Glass is considered to be one of the most useful materials in the world. Chiefly made from silica sand, soda ash and limestone, these substances add value to the modern living. Its impermeability makes it a reliable material in terms of protection without affecting the flavor, aroma or composition of its contents in any way. The transparency of glass, whether colored or plain, ensures that the contents stand out visually, allowing consumers to immediately see the quality of the product concerned.

Why use Cello Glassware?

Cello Glassware products are designed with the utmost intricacy giving it a premium look and matching it to international standards. Every design has been selected after closely studying the current trends. Our glassware are durable, lightweight with a classic bistro styling. Some of our products like Bakeware are even formed using Borosilicate Glass making it more resistant to thermal shock when compared to common glass which makes it more microwave and dishwasher compatible. Be it a social gathering or a romantic dinner, a hot coffee in the winters or a cool mojito to beat the heat, in celebrations and for everyday use, Cello provides you with a vast range of fine designer glassware products from home décor to festive occasions. Because, Cello has always believed in being your 'Companion for Life'
