## ABOUT US

Thermo insulated products are an essential accessory whether you're lazily chilling at home or travelling to work or out on a long drive on your holidays. Stainless steel vacuum insulation virtually eliminates temperature change by creating an airless vacuum space between two stainless steel walls. Cello range of Stainless-Steel products come with a unique VACUSTEEL TECHNOLOGY. The result is an insulation layer that provides better performance and you can depend on to keep your beverages hotter or colder for upto 24 hours a day under ideal conditions.

Cello is the leading manufacturer of insulated food and beverage containers, for over 50 years and a trusted household name in Thermoware. Cello is one of the leaders in the industry in new product development with its knowledge and expertise in insulation and have launched a wide range of products in the Stainless-Steel category such as Flasks, Lunch Carriers, Casseroles, Sports Bottles, Tea Flasks, Soup Jars, Kids Collection, Travel Collection and much more. Cello products are manufactured with the best quality material and undergoes rigorous quality inspections to ensure that each final product is not only durable but exceeds material and performance standards and thus considered to be truly a companion for life.

## VACUSTEEL TECHNOLOGY

Cello uses 18/8 high grade premium quality stainless steel and it has a 'Thermoseal' layer with copper coating to give you one of the best performances for heat retention. Vacusteel Technology is this unique collaboration of steel and vacuum for superior insulation, which allows the beverage to remain hot or cold 24 hours a day.
